The Big Story: Winter Wipeout!

It looks like we've had our one snowfall for the winter (fingers crossed!), but that doesn't mean that winter is over. To help combat the litter that has piled up over the last few months, we are again participating in the city-wide "Winter Wipeout" event.

Winter Wipeout is a chance for neighbors to get out on to their streets and help keep their neighborhood looking beautiful. It's a great event, and we would really appreciate any support that you can offer.

Those that are interested in participating, or would like more information about the Winter Wipeout, please contact Brian Gillies at brian@historicaycock.org.

Participants will meet at Sternberger Park at 9am on February 25th. We hope to see you there!

Porchfest: A new neighborhood tradition coming in June!

Thanks to the work of Lynne Leonard and the Special Events Committee, the Neighborhood Association is planning on a new event that aims to bring neighbors together, invite the community to enjoy our neighborhood, and connect us more to the people that live around us.

On Saturday, June 10th, the Aycock Porchfest will kick off. Neighbors and guests can walk from house to house and enjoy a festival-like atmosphere. A variety of musicians and storytellers will be on hand, as well as food vendors, fun activities for children, and much more. The event culminates in the evening with a larger performance at Sternberger Park.

The Neighborhood Association needs your help in getting this great event off the ground. If you're a musician, sign your band up or offer to perform. Do you know of storytellers or other groups that would like to take part in this? Do you have a porch that you can offer as a stage? Let us know! Any and all help would be most appreciated!

Contact Lynne Leonard at lynne@historicaycock.org to obtain a participation form.

We are excited to make this a great event, and we hope that we can count on your help!

I was born and raised in North Carolina and am so glad to still call the Old North State home! I hold a BA from the College of Charleston in Historic Preservation and Community Planning and a MA from Savannah College of Art and Design in Historic Preservation. You could say that historic homes are my passion!

As a Realtor, I understand how special it is to own a home in a historic district and how to help you buy or sell one of these gems. I look forward to earning your business!

Warmest Regards,

Amanda Nestor

Storm water questionnaire coming soon!

The Neighborhood Association has been in contact with Jewell Engineering Consultants, which has created a survey looks at the impact of storm water drainage.

In the coming weeks, you will be receiving a postcard from the City regarding this issue. Please take the time to answer it fully and honestly. This will help as we move forward with much needed repairs.

Thank you for your time and consideration with this!

Help Wanted!

If you have any technology expertise or talent, or if you would like to volunteer to help with any other neighborhood or board projects or activities, let one of the board members know!

Want to make the next issue?

Do you have a birthday coming up? Or a wedding anniversary that you would like to tell everyone about? Do you have any other good news, or do you have any great recipes that you would like to share?

Please contact Lars Farabee at lars@historicaycock.org to make it in to next issue!
